

Invitation to Bid

MUTD Mountain Line Bus Stop Improvements Project Phase II

Addendum # 3

Additional Information on Pole Installations and Removals (Work Codes 1a and 2b)

At the pre-bid meeting on 1/11/23 (see Addendum 1), the following question was asked: “*Are some removal locations the same as installation locations*”? Staff responded that some installation location (work code 1a) occurs at the same location as removals (2b), and the same holes/pits can be used in those instances.

This Addendum provided additional guidance in response to the above question. 63 of the pole installations (work code 1a) are direct remove-and-replace, where the installation occurs at the same location as a pole removal (work code 2b), and the hole created by the pole removal can be used to install the new pole. Included in this addendum is list of each of these 63 locations. The remaining pole installation under work code 1a will require digging a new hole.

BSIP PH2: In-Ground Pole Remove-and-Replace
