To: Board of Directors
From: Stephane Gariepy
Meeting Date: September 4, 2025

Agenda Item: 5.2 Diesel Bus Disposal

Recommendation: Authorize the staff to dispose of Bus #421,422,424,428,429,430,501,502,504

Discussion: Those buses have exceeded their useful life, and it is no longer financially feasible to repair due to unavailability of parts and various defects due to their age.

Financial Impact: Minimal. Those buses are fully depreciated and expected to bring less than \$5000 at auction or salvage because of their condition.
