

**RFP 26-01 – Intelligent Transportation System**

**Addenda 2**

**02/11/2026**

MUTD Responses are indicated in bold text below.

**The deadline for submissions is February 24, 2026.**

**Questions**

***Q1. Can MUTD please provide a hardware list***

**A. Please see attached.**

***Q2. How does Missoula define on-time performance (OTP)?***

**A. For purposes of this procurement, a vehicle is considered on time if it departs a scheduled timepoint no more than one (1) minute early and no more than five (5) minutes late.**

***Q3. Does Missoula currently track engine time and idle monitoring? If so, is an ELD device in use? Which one?***

**A. No**

***Q4. Shall all submitters include pricing for 10% spare equipment?***

**A. While not required, this could be relevant information. If submitters do include it, please clearly separate it out in your price proposal.**

***Q5. Could you please confirm that hardware warranty is to match the base term of the contract (4 years)?***

**A. The hardware warranty should match the contract term.**

***Q6. Can MUTD clarify the relevance and intended use of the requested government auditing experience within the scope of this RFP?***

**A. This was included the submittal requirements in error. Please disregard**

***Q7. How many vehicles could be available per day for installation?***

**A. This will vary by how long installation will take and what days and hours installation occurs. We estimate maybe 3-4 vehicles per day.**
